THE ALL NEW CRASH TESTED EZYDOG DRIVE HARNESS IS HERE

Sandpoint, Idaho (March 2, 2017) Dreaming of Summer Road Trips with your four legged best friend? EzyDog has you covered with the all new crash tested Drive Harness.

The new Drive Harness from EzyDog is a car safety harness for your dog and is designed specifically for car travel. The Harness only requires a one - time fit, From then on, it can be taken on and off very quickly using the Mag-Lok™ Instant Fit closure system. EzyDog has used only the strongest and highest of quality materials in this product. The Tri-Glides are made from Aluminum Alloy, so they are light, durable and incredibly strong. All webbing is made from vehicle-tested seat belt webbing and the Crosslink™ technology ensuring that the harness is the ultimate in strength. The Chest Plate section is padded and contoured to mold to the shape of the dog for a custom fit.

This car safety harness conforms to and has passed all relevant requirements for the following standards: USA (FMVSS 213) Europe (ECE Regulation 16) Australia (ADR42/04).

The EzyDog Drive Harness is available in Small, Medium, and Large. MSRP is \$99
