

MOGWAN DOG FOOD

HOMEMADE RECIPE WITH LOTS OF LOVE!

「愛情たっぷり手作りレシピ」

WE CARE LIKE YOU CARE

Our objective is to make satisfied not only dogs but also pet owners themselves. For that, we have invented the special food based on the homemade recipe and take the ingredients seriously like the pet owners do when they cook for their family. We only use safe, high quality, human grade ingredients and we do not use any unhealthy chemical additives and grains.

LIVE LONG TOGETHER

Our recipe is based on the Japanese traditional wisdom. Japan is known as the world's top country for longevity and the secret is their daily diet. We introduced the philosophy into our pet food by using various, unique ingredients including peas, ginger, dandelion and seaweed which are commonly used in Japanese traditional meals, and we also use fresh chicken and salmon to realize high protein and low fat recipe. All the pet owners wish their little family to live healthy long life, and MogWan will support them by providing the ideal nutrition and joyful meal time.
