

ANNOUNCING KENWOOD & CO. NEW SPRING 2017 PET PRODUCTS

Two luxe new collections to bring style to your home and comfort to your pets

Minneapolis, MN – Kenwood and Company is excited to introduce two new stylish pet assortments with the release of their Monaco and Brooklyn Collections. The designs are created with special attention to detail through intricate accents bringing the best lifestyle trends to the comfort of the consumers' home. The collections will be featured at the PM&J, LLC booth at the Global Pet Show, Booth #3221.

The product assortment consists of a wide variety of pieces from pet beds to apparel, collars, leads and travel accessories. Each collection follows a different trend from luxe and cozy materials to a color palette that is bright and fun with unique silhouettes. As with all Kenwood and Co. collections, all products are manufactured with quality in mind and ensures a comfortable and functional experience for pets of all sizes and life stages. A combination of modern design, rich materials and inviting hues make these collections so inviting you can't help but fall in love with every piece!

The Monaco Collection is inspired by the Mediterranean coastline known for its upscale and elegant casinos and yacht-lined harbors. The collection features soft hues of blues with rich metallic foiled accents. Alluring fabrics such as textured plush, brushed heathered tweeds and metallic leather are sure to spoil the beloved pet within.

The Brooklyn Collection is inspired by the unique architecture, bright colors and vibrant streets of New York's most populous borough. The collection uses abstract geometric prints and a bold color pallet to bring the pieces to life! Bright contrast cording and functional handles add a bit of pizzazz to the assortment.
