

## American Nutrition to Exhibit at 2020 Global Pet Expo

[OGDEN, UT, January 29, 2020] – American Nutrition, a custom manufacturer that produces pet food and treats for branded companies and retailers, is pleased to announce it will exhibit at the [2020 Global Pet Expo](#) slated for February 26-28 in Orlando, Florida.

Company personnel will be stationed at Booth #1785 where they will be available to discuss American Nutrition's many products and capabilities with show attendees.

"We're thrilled to have the opportunity of exhibiting at the pet industry's largest annual show once again," said Steve Mills, SVP of customer brands and co-manufacturing. "Making an appearance at an innovation-focused event is our way of demonstrating American Nutrition's commitment to producing the finest products available while also getting a first-hand look at what's new in the industry and what's to come."

The Global Pet Expo is the pet industry's largest trade show, exhibiting to the most qualified pet product buyers in the industry and showcasing more than 3,000 new product launches.
