Jax & Cali® Paw And Body Wipes Are Extra-Large, Super Thick And Textured Making It Easy To Clean A Pet's Body And Four Paws With A Single Wipe

These all-natural wipes (**now available in 25 count packages**) contain no harmful chemicals and are specially formulated to cleanse, nourish and protect.

Orlando, FL (Feb. 26, 2020) – Jax & Cali® Paw and Body Wipes (now available in 25 count individually wrapped wipes packages), provide a natural, durable and effective way to secure the health of pets through cleanliness. These superior, textured wipes ensure sanitation through the removal of dirt, allergens, bacteria and potential carcinogens that can be found on a pet's paws and body after being in the elements.

"I don't think people realize what dogs can track into their house," says Gail Beregovich, President of Jax & Cali. "Besides the obvious dirt and mud, which can wreck havoc on your floors and furniture, there are also allergens, bacteria and other things which you don't want to have in your home. These wipes are an easy way to quickly wipe down a dog's body and paws so everybody can be happy, healthy and clean."

These pH balanced fragrance free wipes (MSRP \$6.59) cleanse, nourish and protect using vitamins B3 and E. They do not contain things like alcohol, parabens, SLS (Sodium Lauryl Sulfate), formaldehyde or harsh chemicals. They are hypoallergenic and are PETA certified as cruelty-free and vegan. Their extra-large size, super thickness and textured surface make them easy, economical and effective to use. Just one wipe will provide a full wipe down including all four paws. Each wipe measures 8" x 10" and are available in 25 count individually packaged wipes that are easy to carry for clean-ups on-the-go.

"These wipes are a great way to provide your dog with a quick clean-up after a walk or trip to the dog park," said Beregovich. "Everybody will be happy and healthy when the nasty things that can be found outside aren't brought into the house."

About the Company

Jax & Cali is a female owned and family operated indie brand located in Miami, FL. When you open any Jax & Cali package, you will find an all-natural, holistic product. At Jax & Cali our mission is to protect our pet's health and the homes they live in through cleanliness. By eliminating dirt, allergens, bacteria, and other potential carcinogens that are tracked inside our homes, your pet will not be ingesting toxins that can hurt them nor lead to fatality.
