

## MEDIA RELEASE

# New Brand Makes Exhibitor Debut at Global Pet Expo 2020

*N-Gage Brand Introduces Innovative Line of Premium Pet Products to Global Pet Expo Community*

February 1, 2020

NEW YORK -- [N-Gage Brand, LLC](#), a designer and maker of dog toys, collars, leashes, harnesses and travel gear, is pleased to make its exhibitor debut at Global Pet Expo 2020. Global Pet takes place February 26 – 28, 2020 in Orlando, FL.

N-Gage offers a diverse line of safe, functional, and built to last products, including seasonal subscription packs, and an essentials pack of toys and accessories for on-the-go activities. Their products are designed to promote meaningful times between dogs and their owners, an active lifestyle, and the right work life balance.

N-Gage officially introduced their brand and entire product line through their e-commerce platform this past November, which positions them well for their Global Pet Expo debut from a timing standpoint.

“As a new brand, we are excited to make our trade show debut at Global Pet Expo 2020, the industry’s largest annual event,” said Paul Semanski, head of marketing at N-Gage. “With close to 7,000 buyers, Global Pet Expo provides us with a unique opportunity to share the N-Gage story with a significant number of qualified pet product retailers and other partners.”

Media and buyers attending the show are encouraged to meet the N-Gage Team at booth #1908.
