Sustainable and completely non-toxic, cat owners can breathe a sigh of relief knowing that their cats will be able to sleep and groom their claws without worrying about harsh chemicals inside most cardboards.

Capsule and Rover Pet Carrier

The Capsule and Rover Pet Carrier are meant for pet owners with "fun-sized" pets, such as bunnies and gerbils, to conveniently take their pets on the go. No longer will pet owners have to worry about winning "Worst Pet Owner of the Year". Neglecting pets will be a worry of the past when the thoughtful design behind the Capsule and Rover Pet Carrier allows pet owners to take their pets out where the sun shines! No longer will small pets be cooped up inside their homes or cages. They can enjoy venturing out into the world in their well-ventilated pet carriers made just for them!
